A reasonable extension of time shall be granted in the event there is a delay on the part of the COUNTY in fulfilling its part of the Agreement or should a Force Majeure, as defined in Section IV hereof, render performance of the CONSULTANT's duties impossible. Such extensions of time shall not be cause for any claim by the CONSULTANT for extra compensation and the rates described in Appendix A shall continue to apply.

SECTION IV - FORCE MAJEURE

Force Majeure shall mean an act of God, epidemic, lightening, earthquake, fire, explosion, hurricane, flood or similar occurrence, strike, an act of a public enemy, or blockade, insurrection, riot, general arrest or restraint of government and people, civil disturbance or similar occurrence, which has had or may reasonably be expected to have a material adverse effect on the rights and obligations under this Agreement, and which, by the exercise of due diligence, such parties shall not have been able to avoid. Such acts or events DO NOT INCLUDE inclement weather (except as noted above) or the acts or omissions of subconsultants/subcontractors, third-party consultants/contractor, material men, suppliers, or their subcontractors, unless such acts or omissions are otherwise encompassed by the definition set forth above.

No party hereto shall be liable for its failure to carry out its obligations under the Agreement during a period when such party is rendered unable, in whole or in part, by Force Majeure to carry out such obligations, but the obligation of the party or parties relying on such Force Majeure shall be suspended only during the continuance of any inability so caused and for no longer period of said unexpected or uncontrollable event, and such cause shall, so far as possible, be remedied with all reasonable dispatch.

It is further agreed and stipulated that the right of any party hereto excuse its failure to perform by reason of Force Majeure shall be conditioned upon such party giving, to the other party or parties, written notice of its assertion that a Force Majeure delay has commenced within ten (10) working days after such commencement, unless there exists good cause for failure to give such notice, in which event, failure to give such notice shall not prejudice any party's right to justify any non-performance as caused by Force Majeure unless the failure to give timely notice causes material prejudice to the other party or parties.

SECTION V - COMPENSATION

The COUNTY agrees to pay and the CONSULTANT agrees to accept, for services rendered pursuant to this Agreement, fees and other compensation computed in accordance with one or a combination of the methods outlined below:

A. Lump Sum Fee

The fee for any requested portion of work may, at the option of the COUNTY, be a lump sum mutually agreed upon by the COUNTY and the CONSULTANT and stated in the written Notice to Proceed. Lump sum fees may or may not include reimbursable expenses.

B. Reimbursable Expenses

The CONSULTANT shall be compensated for certain work related expenditures not covered by fees for engineering services, provided such expenditures are previously authorized by PWWM. Reimbursable expenses may include:

1. Expenses for document reproduction, rental of specialized equipment, and purchase of special instruments necessary for the efficient performance of the work, provided that such instruments remain the property of the COUNTY upon work completion. These expenses shall be reimbursed on a direct cost basis.
2. Expenses for travel, transportation and subsistence outside Miami-Dade County will be reimbursed according to the provisions of Florida Statutes Section 112.061, as presently written or hereafter amended.

C. Fee as a Multiple of Direct Salary Cost and Fixed Hourly Rate

1. The fee for engineering services rendered by the CONSULTANT's personnel shall be computed based on the direct salary cost, as reported to the Internal Revenue Service, for the time of said personnel engaged directly in the work, times a negotiated multiplier, as shown in Appendix A attached.

This fee shall constitute full compensation to the CONSULTANT for costs incurred in the performance of the work such as overhead, fringe benefits, operating margin and all other costs not covered by reimbursable expenses.

2. The CONSULTANT shall be compensated at the flat rate shown in Appendix A for the time of principals engaged directly in the work. This rate shall not be subject to the negotiated multiplier and shall be applied to the time spent on requested work by the following principals:

Mariann O. Valle _____

3. Overtime work considered necessary and expressly authorized by PWWM in advance shall be compensated at time-and-a-half of the rate established by Subsection V-C (1) hereof.

SECTION VI - ADDITIONAL SERVICES

In the event that a contingency necessitates the performance of additional services by the CONSULTANT after the Agreement has been encumbered, PWWM shall have the right to authorize performance of additional services from a contingency of ten percent (10%) of the Agreement's compensation.

SECTION VII - METHODS OF PAYMENT

The COUNTY agrees to make monthly or partial payments to the CONSULTANT for all authorized work performed during the previous calendar month or other mutually agreed invoicing period. The CONSULTANT agrees to provide copies of any records necessary to substantiate payment requests to the COUNTY. Payments shall be made in accordance with the following methods:

A. Estimated Professional Fees and/or Reimbursable Expenses

1. The CONSULTANT shall submit duly certified invoices in triplicate to PWWM. Each invoice shall be referenced to the particular Notice to Proceed, which authorized the services performed and/or expenses incurred.
2. The amount of invoices submitted shall be comprised of the amounts due for all services performed and/or reimbursable expenses incurred to date in connection with authorized work, less previous payments. The amounts due for professional services and/or reimbursable expenses shall be calculated in accordance with Subsections V-B and V-C hereof, respectively. Invoiced reimbursable expenses must be substantiated by copies of receipts and other documentation as necessary.

B. Lump Sum Fee

1. The CONSULTANT shall submit duly certified invoices in triplicate to PWWM. Each invoice shall be referenced to the particular Notice to Proceed, which authorized the services performed.
2. The amount due of invoices submitted shall be calculated by applying the percentage of the total work completed to date to the authorized lump sum, and subtracting any previous payments.

SECTION VIII - SCHEDULE OF WORK

The COUNTY shall have the sole right to determine on which units or sections of the work the CONSULTANT shall precede and in what order. Written Notices to Proceed issued by PWWM shall cover in detail the scope, time for completion and compensation for the engineering services requested in connection with each unit or section of work.

SECTION IX - RIGHT OF DECISIONS

All services shall be performed by the CONSULTANT to the satisfaction of PWWM who shall decide all questions, difficulties, and disputes of whatever nature which may arise under or by reason of this Agreement, the prosecution and fulfillment of the services hereunder, and the character, quality, amount and value thereof. PWWM's decisions upon all claims, questions and disputes shall be final, conclusive and binding upon the parties hereto unless such determination is clearly arbitrary or unreasonable. In the event the CONSULTANT does not concur with the decisions of PWWM, the CONSULTANT shall present any such objections in writing to the County Mayor. The County Mayor or the County Mayor's Designee and the CONSULTANT shall abide by the decisions of the County Mayor. This paragraph does not constitute a waiver of any party's right to proceed in a court of competent jurisdiction.

SECTION X - OWNERSHIP OF DOCUMENTS
